

CALIFORNIA INFRASTRUCTURE AND ECONOMIC DEVELOPMENT BANK

Policies and Procedures for Conduit Revenue Bond Financing for Economic Development Facilities

Note: All capitalized terms have the same meaning as contained in Government Code Section 63000 *et seq.*

I. Eligible Projects

- A. Eligible projects include real and personal property, structures, buildings, equipment, and supporting components thereof that are used to provide industrial, recreational, research, commercial, utility, or service enterprise facilities, community, educational, cultural, or social welfare facilities and any parts or combinations thereof, and all facilities or infrastructure necessary or desirable in connection therewith, including provision for working capital, but shall not include any housing.
- B. It is the policy of the Infrastructure Bank to avoid the duplication, inefficiency, market confusion, and poor public policy outcomes that would result from State of California conduit revenue bond issuers competing to issue bonds to finance the same project or similar projects. In recognition of this policy:
 - 1. The Infrastructure Bank may issue bonds to finance an economic development facility project that is statutorily authorized to be financed through bonds issued by another State of California conduit revenue bond issuer if the project or a portion thereof has been previously financed by bonds issued by the Infrastructure Bank or a predecessor of the Infrastructure Bank (as of the date of the adoption of this policy, the former California Economic Development Financing Authority) and the proposed financing includes a refunding of those bonds or to otherwise finance the previously financed project.
 - 2. Upon receipt of an application or inquiry from a potential applicant for financing of an economic development facility project that Infrastructure Bank staff has reason to believe is statutorily authorized to be financed by bonds issued by another State conduit revenue bond issuer, and which does not fall within the scope of subparagraph 1. above, the Infrastructure Bank Executive Director shall contact the Executive Director of the other State conduit revenue bond issuer to discuss which issuer is the most appropriate to issue bonds to finance the project. Following that discussion, after taking into consideration the information shared by the Executive Director of the other State conduit revenue bond issuer, the Executive Director of the Infrastructure Bank shall determine whether to recommend the issuance of bonds for such economic development project to the Infrastructure Bank Board of Directors.
 - 3. In reaching the determination under sub-paragraph 2. above, the Executive Director shall consider:

- a. If either the Infrastructure Bank or the other State conduit revenue bond issuer is statutorily authorized to finance only a portion of the proposed project, which issuer is statutorily authorized to finance the greater portion of the proposed project.
- b. Whether the project is of a type previously financed by either the Infrastructure Bank or the other State conduit revenue bond issuer (i.e., whether Infrastructure Bank staff or staff of the other State conduit revenue bond issuer has developed experience and expertise in assessing and advising on a similar project or projects).
- c. The staffing capacity of the Infrastructure Bank and the other State conduit revenue bond issuer, and the respective experience of available staff to effectively and efficiently assess and advise on the project.

The Executive Director shall inform the Board of Directors when a project is recommended for financing by Infrastructure Bank staff pursuant to this Section I.B.

- C. The Infrastructure Bank's normal policy will be to issue Bonds which will bear a long-term rating of at least an "A3" from Moody's Investors Service (Moody's), or and "A-" from Standard & Poor's (S&P) or Fitch Ratings, Inc. (Fitch), and/or a short-term rating of at least a "VMIG 1" or "P-1" from Moody's, or "SP-1" or "A-1" from S&P, or "F1" from Fitch, based either on the credit of the Participating Party or on a credit enhancement from a bank, insurance company or other guarantor acceptable to the Infrastructure Bank. The Infrastructure Bank may consider a waiver of the minimum rating requirement based on special circumstances, or a waiver pursuant to subsection D.
- D. When the Infrastructure Bank agrees to waive the requirement for a credit rating stated in paragraph (C), the Participating Party will be required to use a private placement or limited underwritten offering, subject to the following additional conditions:
 1. **Sophisticated Investor.** The investor(s) will be required to sign a "sophisticated investor" letter acceptable to the Infrastructure Bank. Each investor must be a qualified institutional buyer within the meaning of S.E.C. Rule 144A, or an equivalent sophisticated investor with a demonstrated understanding of the risks associated with the municipal market, acceptable to the Infrastructure Bank.
 2. **Resale Limitations.** Depending on the circumstances of the proposed sale, the Infrastructure Bank may require conditions for the resale of the Bonds after initial issuance.

3. **Minimum Denomination.** The Infrastructure Bank will require a minimum bond denomination of at least \$100,000 on private placements or limited underwritten offerings; denominations may be higher depending on the circumstances of the sale.

IV. **Public Hearing**

- A. All federal tax-exempt Bonds will be subject to a noticed public hearing known as a Tax Equity and Financial Responsibility Act (TEFRA) hearing as required by Section 147(f) of the Internal Revenue Code of 1986, as amended.

V. **Relocation**

- A. It is not the intent of the Infrastructure Bank to issue Bonds to facilitate the relocation of a project from one jurisdiction of the state to another without substantial justification. The Infrastructure Bank will carefully weigh the overall public benefits created against the detriment to the community from which the project is relocated.
- B. Participating Parties that are relocating must describe, in their application, their efforts to work with the current community before abandoning the facility. The Participating

Party should provide a timely notice to the city or county losing a facility of its intent to move, so that the jurisdiction will have time to initiate efforts to replace the jobs lost. An acknowledgment of the relocation from the city or county being vacated will also be requested.

VI. Public Interest Criteria

- A. No Bonds shall be issued by the Infrastructure Bank unless the Infrastructure Bank shall have first determined that the financing meets the following public interest criteria:

 2. The Participating Party is capable of meeting obligations incurred under relevant agreements relating to the Bonds issued by the Bank.
 3. Payments to be made under applicable financing documents are adequate to pay the current expenses of the Bank in connection with the financing and to make payments on the Bonds.
 4. The proposed financing is appropriate for the specific project.
 5. The project is consistent with any existing local or regional comprehensive plan.
- B. The Infrastructure Bank requires a defined public benefit before it is willing to act as a conduit issuer for tax-exempt or taxable bonds. The following represent supplemental public interest criteria required for each type of Participating Party:
1. **Industrial development bonds.** The issuance of bonds must demonstrate clear economic benefit to the community. Typically, this is shown by the creation of new jobs, retention of existing jobs, but other economic benefits may be considered. The Participating Party must also comply with the policies, procedures and public interest criteria of the California Debt Limit Allocation Committee.
 2. **501(c)(3)bonds.** Projects must provide clear evidence of a defined public benefit, such as provision of additional services, the provision of additional educational, scientific, social or cultural resources to the community or the State, or the creation or retention of jobs.
 3. **Exempt facility bonds.** Project must show clear economic, environmental or other public benefits to the State or the community such as increased local revenues, improvements to infrastructure, expansion of the State or local economy, job creation or retention, or other specific local goals and objectives.
 4. **Public jurisdiction.** Projects must demonstrate an enhancement of the infrastructure, or the economic, social or cultural quality of life for residents in the community or the State.
- C. Bonds which refund previously issued Bonds will not be subject to the supplemental public interest criteria listed in paragraph (B) above.

X. **Bonds Not a Liability of the State**

- A. Bonds issued by the Infrastructure Bank do not constitute a debt or liability of the State or of any political subdivision thereof, other than the Infrastructure Bank or a special purpose trust, and do not constitute a pledge of the full faith and credit of the State or any of its political subdivisions, other than the Infrastructure Bank or special purpose trust, but are payable solely from the funds provided therefor under the Act and shall be consistent with Sections 1 and 18 of Article XVI of the California Constitution.
- B. All the bonds shall contain on the face thereof a statement to the following effect: "Neither the full faith and credit nor the taxing power of the State of California is pledged to the payment of the principal of, or interest on, this bond."
